

Today, Spears® is the Single Source Manufacturer of Plastic Pipe, Fittings, Valves, & Solvent Cements

UNPARALLELED EXPERIENCE!

For over 45 Years, Spears® has Developed and Manufactured PVC and CPVC Piping Products Featuring the Unique Benefits of Solvent Cement Welding as a Joining Method.
No Company Understands these Unique Benefits Better!

Unlike other chemical companies that only make "glue", Spears® produces the "complete system package". One name, one company. . . for reliability, traceability, product training, service and support.
